

Traditionally November sees us at the Travelodge, however this year that was not possible and Mark rose to the last minute challenge and bailed us out with a “Mac & Cheese” night. Strange as it may seem, none of us could recall a college dinner of Mac & Cheese that resembled the feast we received this night. Kudos to Mark for refreshing our memories as to just how good KD can be.

Just as good food takes time to prepare or fine wine to age, so to the taste of membership also improves the longer the wait (or at least we hope!) as we finally got to pin Steve Ronald! Also pinned were Judy Harwood, and Todd Roach. Unfortunately Dana Soonias missed the SICAN Reps verbose ramblings on the SKAL movement, value of membership and amicale of SKAL and will have to be pinned at a later date. As it was also a night the regalia was on display, a side trip down memory lane revisited the President's of Christmases past.

The group was amazed at the detail of the repositioning report and more than a few lamented the high cost of attending International Congresses.

There was a discussion on raising the fees and there was no opposition at all so the proposed increase to \$700.00 will take effect for 2011.

The auction is set for Dec. 2 and more items and guests are still required.

Mark's team came out for a rousing applause for their “Mac & Cheese”.

The evening concluded with Sargent Susan Lamb appropriately fleecing both the new lambs and old rams in the assembled flock.

SKAL Club of Saskatoon #321 Meeting Minutes November 16, 2010
